EDUCATION

University of Maryland, Robert H. Smith School of Business

Expected Graduation: May 2029

Bachelor of Science in Information Systems

GPA: 3.70

College Park Scholars Data Justice & Information Technology and Business Transformation (iTBT) Fellows

PROFESSIONAL EXPERIENCE

Johns Hopkins Applied Physics Laboratory (APL)

June 2026 - Present

Pathways Intern

Laurel, Maryland

- Developed a PyTorch data pipeline that reads CSV route files, pads them to a fixed size, and returns uniform tensors
- Created a transformer-based architecture with a shared encoder & multiple decoders, enabling self-supervised learning across tasks

The Campbell's Company

January 2026

Shadowing Experience

Camden, New Jersey

- Shadowed the Senior Director of Automation & Collaboration including attending 10+ several meetings to learn about IT operations
- Explored Power Platform tools, including Power Apps, to develop technical skills and strengthen understanding of automation

Johns Hopkins Applied Physics Laboratory (APL)

June 2023 - June 2025

ASPIRE Intern

Laurel, Maryland

- Applied technical problem-solving in the Air & Missile Defense Sector on 3+ projects, strengthening machine learning skills
- Developed graphical representations of 100+ APL buildings using Python NetworkX (backend) & JavaScript/HTML (frontend)
- Built neural network to predict extreme weather events using database & developed an application to track a drone via live camera feed
- Analyzed and optimized Deep Q-Networks by researching advanced machine learning concepts, improving model training efficiency

EXTRACURRICULAR ACTIVITIES

Maryland Scholars Investment Fund

March 2026 - Present

VP of Marketing & Investment Analyst

College Park, Maryland

- Weekly investing lessons (12 sessions) for a student-managed portfolio & boosted the club's social-media engagement by 50 %
- Conducted comprehensive equity analysis and delivered a concise pitch to over 30+ people that secured a \$500 investment in Meta

Data Justice Advisory Board

September 2025 - Present

Social Media Coordinator

College Park, Maryland

- Develops 10+ social media posts to promote events, raise awareness regarding data injustice, & engage students across campus
- Collaborates with 5+ board members, professors, and faculty to highlight data justice initiatives as well as plan creative campaigns

Women In Business Association

September 2025 - Present

Finance Committee

College Park, Maryland

- Creates & manages budgets for 2+ events and fundraisers, including the revenue-share partnership with Chipotle & campus bake sales
- Supported 3+ events & fundraising efforts to enhance community involvement & empower women within the Smith School
